

ROSEVILLE AREA SCHOOLS
Independent School District No. 623

Policy 560 – Limited Open Enrollment

- 1.0 The Roseville School Board recognizes changes taking place in education today at all levels and in most subject areas. New programs are in operation in our schools, and others are proposed by administrators, teachers, parents, and students. While educators are seeking alternative approaches to instruction, it is desirable that parents have some choice in selecting alternatives for their own children. We, therefore, endorse a policy of limited open enrollment for parents seeking alternatives to meet the educational needs of their child.
 - 1.1 Parents may request limited open enrollment transfers from one building to another in District 623 for K-6 students.
 - 1.2 Students will be accepted in another school if space is available.
 - 1.3 Approved requests will be continuous until the parent requests termination of the transfer.
 - 1.4 Parents will assume any transportation liability for such students.
